EPPING

New Hampshire

Oldest Nursery in New Hampshire
Established - 1840

We are located in **NORTH EPPING**, on Route 125, between **Epping** and **Lee**. We have at the nursery varieties which are not listed in this catalogue, and larger specimens of various kinds. If you cannot visit our nursery, just send us your want list for quotations.

WE WELCOME SUNDAY VISITORS, just to look around, or to make selections for future delivery. We are glad to dig such orders as the customer can take away. We do not make shipments on Sunday.

GENERAL PLANTING INSTRUCTIONS

All stock should be planted upon arrival. If this is not possible, then open the bundle and "Heel-in" the stock by digging a trench in a shady, cool place and burying the roots carefully. Never allow the roots to be exposed to the sun or wind.

Holes should be sufficiently large to take the roots without crowding. Stock should be planted about an inch deeper than it was in the nursery. Pack the dirt down firmly so that no air pockets are left.

We will be glad to visit your home to inspect your grounds, and to aid you in the planning of your landscaping. No charge is made for visits within reasonable mileage.

PRICE LIST - 1940

BULBS

We carry bulbs for Fall planting. Write for quotations.

VEGETABLES

We raise all varieties of vegetable plants for Spring planting.

ANNUALS

We raise a large variety of Annuals for Spring planting.

PEAT

Peat is invaluable as a humus adding material for the Lawn and Garden. It is odorless, easy to handle and contains no weed seeds. We obtain our peat locally. Finely ground.

GUARANTEE: We hold ourselves prepared to replace, on proper proof, all stock that proves to be untrue to label. We do not give any warranty expressed or implied, and in case of error on our part, it is mutually agreed between the purchaser and ourselves that we shall not, at any time, be held responsible for a greater amount than the original price paid for the stock. As we cannot control planting conditions, aftercare, and weather, we cannot assume any responsibility after the stock is sold.

TERMS: CASH WITH ORDER OR ON DELIVERY

Please give shipping instructions, otherwise we shall use our best judgment, but assume no risk. All prices in this book are for stock at Nursery and does not include delivery, however during the shipping season our truck passes through many points within a radius of twenty miles or so of Epping. All stock will be delivered free when it can be made a part of one of these trips. Special delivery service can be had at reasonable prices.

Quantity Rates: Except where otherwise noted, when ten trees, shrubs or evergreens of one size and one variety are bought, a 10% discount will be given. Prices are subject to change without notice.

Our shipping season begins early in April, and anything can be moved until about the first of June. Any stock which can be dug with a ball of dirt can be moved during the summer. Our fall season begins with the moving of evergreens in August, while shrubs and trees can be moved about October or after the first heavy frost.

Cash and Carry: We keep quite a variety of evergreens, freshly dug, all bagged and burlaped ready for you to take away.
